Culture

within 10 minutes you find some places of Viennese cultural life: the Volksoper, as well as the cultural center WUK with great concerts and workshops, the “Theater des Augenblicks” or the Concert Cafe Schmid Hansel (Viennese classical music). Furthermore, there is a jazz brunch every Sunday in the Fischerbräu pub with good food and great live music.

If you are interested in performances such as the State Opera, the Musikverein, the concert hall or other cultural events, we will be happy to help you organize the tickets.

Children´s playgrounds

There are several really great children's playgrounds in Türkenschanzpark that offer something for all ages. Have a break at the cafe-restaurant Meierei, where you can sit and have drinks or snacks.

Also in the Schubert Park and Währinger Park there are slightly smaller children's playgrounds.
